

CALL FOR PAPERS
SEINFORMS 2025

"Navigating Innovation: Charting the Course for Organizational Excellence"

Hilton Myrtle Beach Resort
Myrtle Beach, South Carolina
October 9 – October 10, 2025

Papers and proposals, symposiums, tutorials, and workshops are invited across all business topics related to management science techniques and applications, and on innovative methods of teaching management science. Submissions by practitioners on management science applications are especially welcome.

Make plans now to share your research with us in October and enjoy the fellowship, and fun in the heart of the Grand Strand with its sandy white beach, fresh off-the-boat seafood, and premier golf courses.

The submission process opens on April 9, 2025 through July 1, 2025.

1. Click on the following link <https://seinform2025.exordo.com/> to make a submission to the conference. Instructions for the submission process are provided at the link above. **Files must be submitted in PDF format.**
2. For 2025, SEINFORMS welcomes "Papers," "Abstracts" and "Paper Proposals" for conference attendance and presentations. We highly encourage student submissions as well. Abstracts will be published in a section of the proceedings. We encourage you to come and share your research ideas with us in hopes of converting the ideas into refereed journals. "Abstracts" will not be considered for paper awards.
3. Abstracts should be a minimum of 500 words and be sure to include information such as theories used, methodologies, research questions, etc.
4. Paper proposals should be a minimum of four (4) pages long and describe the complete paper.
5. An author is limited to submitting a maximum of three (3) papers, either single or multiple-authored.
6. Authors and affiliations including complete addresses, phone numbers, and e-mail addresses are collected during the submission process and thus should NOT be included in the submitted document.
7. In the case of multiple authors, all correspondence will be sent to the first author, unless otherwise requested.

Participant Obligation: The submission of a paper, abstract, or paper proposal for this meeting means that the author(s) agree(s) to participate in the meeting by serving as session chairs and discussants if needed. Only those authors who register to attend the meeting in advance of the publication date will have their papers published in the proceedings.

Student Papers: Graduate students are encouraged to submit papers to the appropriate subject track. Undergraduate students working with faculty sponsors are also encouraged to submit papers to the appropriate subject track. The submission process will open on April 9, 2025, and the deadline is July 1, 2025.

Case Studies, Tutorials, Panel Sessions and Workshops: Proposals for special sessions should include a description of the session, names and affiliations of all participants, and the proposed benefit of the session to members. It is the responsibility of the session leader to ensure that the scheduled participants attend the meeting. A one-page summary of each special session will appear in the proceedings.

SEINFORMS uses an electronic submission process.

To submit your paper, proposal, case study, tutorial, or workshop for the 2025 Annual Meetings, visit the **SEINFORMS web site** at <http://www.seinforms.org> for electronic submission instructions.
